This Documentation contains trade secrets or otherwise confidential information owned by Siemens Industry Software Inc. or its affiliates (collectively, "Siemens"), or its licensors. Access to and use of this Documentation is strictly limited as set forth in Customer's applicable agreement(s) with Siemens. This Documentation may not be copied, distributed, or otherwise disclosed by Customer without the express written permission of Siemens, and may not be used in any way not expressly authorized by Siemens.

This Documentation is for information and instruction purposes. Siemens reserves the right to make changes in specifications and other information contained in this Documentation without prior notice, and the reader should, in all cases, consult Siemens to determine whether any changes have been made.

No representation or other affirmation of fact contained in this publication shall be deemed to be a warranty or give rise to any liability of Siemens whatsoever.

If you have a signed license agreement with Siemens for the product with which this Documentation will be used, your use of this Documentation is subject to the scope of license and the software protection and security provisions of that agreement. If you do not have such a signed license agreement, your use is subject to the Siemens Universal Customer Agreement, which may be viewed at www.sw.siemens.com/en-US/sw-terms/base/uca/, as supplemented by the product specific terms which may be viewed at www.sw.siemens.com/en-US/sw-terms/supplements/

SIEMENS MAKES NO WARRANTY OF ANY KIND WITH REGARD TO THIS DOCUMENTATION INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT OF INTELLECTUAL PROPERTY. SIEMENS SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, LOST DATA OR PROFITS, EVEN IF SUCH DAMAGES WERE FORESEEABLE, ARISING OUT OF OR RELATED TO THIS DOCUMENTATION OR THE INFORMATION CONTAINED IN IT, EVEN IF SIEMENS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TRADEMARKS: The trademarks, logos, and service marks (collectively, "Marks") used herein are the property of Siemens or other parties. No one is permitted to use these Marks without the prior written consent of Siemens or the owner of the Marks, as applicable. The use herein of third-party Marks is not an attempt to indicate Siemens as a source of a product, but is intended to indicate a product from, or associated with, a particular third party. A list of Siemens' Marks may be viewed at: www.plm.automation.siemens.com/global/en/legal/trademarks.html. The registered trademark Linux® is used pursuant to a sublicense from LMI, the exclusive licensee of Linus Torvalds, owner of the mark on a world-wide basis.

About Siemens Digital Industries Software

Siemens Digital Industries Software is a global leader in the growing field of product lifecycle management (PLM), manufacturing operations management (MOM), and electronic design automation (EDA) software, hardware, and services. Siemens works with more than 100,000 customers, leading the digitalization of their planning and manufacturing processes. At Siemens Digital Industries Software, we blur the boundaries between industry domains by integrating the virtual and physical, hardware and software, design and manufacturing worlds. With the rapid pace of innovation, digitalization is no longer tomorrow's idea. We take what the future promises tomorrow and make it real for our customers today. Where today meets tomorrow. Our culture encourages creativity, welcomes fresh thinking and focuses on growth, so our people, our business, and our customers can achieve their full potential.

Introduction

This document provides a high-level summary of new features and enhancements in Capital™ Essentials software main release 2408. It includes a list of the new features in this release and any authorization code changes required before installing.

This document is complemented by the What's new in 2408 document which provides detailed description of features and benefits and how to use the new functionality in Capital Essentials 2408 main release.

Please refer to the Release Notes document for any additional information including information for system administrators and workarounds for any issues found in the final stages of testing.

New Features

The following new features are available in this release:

- Updated user interface of Capital and its derivative applications
- Usability enhancements related to diagram navigation
- Option for users to control their participation in Siemens analytics program
- Select all the locked decorations in a hierarchy
- Fix Position on text decorations
- Enhancements to secure communication protocol and encryptions
- Extension to log file retention functionality
- Additional authentication type support for OIDC (OpenID Connect)
- Secure communication between client and manager
- Wire cavity component mismatch design rule check
- Allow finer control of bundle rotation increments
- Enhancements to Teamcenter harness BOM publish configurability
- Alternative Capital Essentials-Teamcenter component associations for library integration

Authorization Codes

This release of Capital Essentials requires the license server to be running SALT 2.x / FlexNet 11.19 based license server software.

- [Siemens License Server Product Page](#)
- [Getting Started with Siemens Advanced Licensing Technology \(SALT\) and the Siemens License Server \(SLS\)](#)
- [Licenses](#)

You may request your authorization codes by opening a [non-technical Service Request on Support Center](#)
